

Facilities Manager Remote

Many property owners lack the appropriate resources to hire qualified facility managers to operate and maintain the numerous systems and concerns that are present in today's buildings.

We provide owners that knowledge and experience on a contract basis. We offer a certified Facility Manager that performs all of the services that you currently receive with know-how and experience beyond what may be currently receiving. Our managers develop capital renewal budgets, maintenance plans that meet today's standards, works with your committees to determine priorities, oversees construction projects, and is on call 24/7 to cover any unexpected events.

We perform this service on a contract basis that is tailored to your specific needs. Whether you are a small or large property owner, we guarantee we can save you money on your facilities. They will be better managed, safe to inhabit, and maintained on a regular and predictable basis.

We offer an electronic web based communications and monitoring software package to allow constant contact with your building occupants and our redundant resources to cover all of your facility needs, 24/7, year round.

We have agreements with service providers to handle any situation as they occur or as they are planned. These agreements save you time and money. We take all of your facility worries away so you can concentrate on running your operation.

Please allow us to come visit and show you what we can do for you!

We manage the big stuff so you can manage the small stuff.
